PRINCETON NURSERIES

WM. FLEMER'S SONS, Inc.

FALL - 1946

WHOLESALE
PRICE LIST

PRINCETON, N. J.
Tel. 1776

September 1, 1946.

FOREWORD

As this year has progressed, it has become evident that the post war reconstruction period will take longer than had been expected. In the Nursery business, many types of stock are very scarce and it appears that the demand will continue strong for many years. The "re-tooling" of the nursery industry to supply the post war demand is still far from accomplished. Here at Princeton we are fortunate in having been able to produce a balanced line of nursery stock, especially in the smaller lining-out sizes. We believe that we will be able to supply our customers with the finest quality young stock suitable for immediate resale or growing on to larger sizes.

Our equipment and buildings are in excellent repair, and we have made important advances in the technique of handling large quantities of stock quickly and efficiently. This has enabled us to maintain our standard of high quality at moderate prices in spite of sharply rising costs. Our modern mechanical equipment has proved that it not only speeds digging and deliveries but also gets the material to the consumer in better condition by reducing exposure in the field.

The organization is once again back to normal since many of our experienced men who were either in the service or war work are now back with us. Our field labor supply is adequate to handle a large volume of orders this Fall with care and dispatch. Since the demand for certain types of material is far above the supply, we urge you to place your orders in good time before our stock is depleted.

Better labor and a favorable season have enabled our propagating departments to produce large quantities of all the types of nursery stock we handle, and we are in a position to grow stock for delivery a year or so hence on request.

There have been many changes and improvements on the Nursery. We are continuing in our program of replacing blocks of large size specimens with young thrifty stock which our customers can handle with a minimum of risk and expensive labor.

We cordially invite our old customers and new friends to call and inspect the Nursery. We thank you for your past patronage and solicit future orders.

PRINCETON NURSERIES

WM. FLEMER, JR.
President

Conditions of Sale

PRICES, ETC.

The prices named in this list cancel all previous lists. They are based on current market conditions and are subject to change without notice.

Terms:

PRICES: F.O.B. NURSERY AT KINGSTON, N. J.

To those with an established record for prompt payment or with satisfactory references, we are glad to extend our regular terms of thirty days from date of invoice.

2% DISCOUNT will be allowed for payment in ten days from date of invoice.

5% DISCOUNT will be allowed for **CASH IN FULL** with the order, providing digging or delivery is scheduled for not less than 30 days from date of order.

Orders for **shipment C.O.D.** must be accompanied by a remittance for one-third of the amount to insure acceptance. These are our only terms and no salesman or representative is authorized to alter them in any way unless confirmed from the office in writing.

25% ADDITIONAL CHARGE For SPECIAL SELECTION and TAGGING in the Nursery

Reduction in personnel makes it imperative to make a charge of 25 per cent additional on our regular listed price for the special selection and marking in the nursery of extra heavy or specimen plants. We invite inspection of our material and on quantity orders will, if requested, mark an average sample to assist our diggers in the selection of the grade wanted.

CLAIMS

All sales are made with the understanding that we shall not be liable in event of crop loss, or of damage from other causes over which we have no control.

We will gladly correct any errors, but we cannot entertain any claims that are not made within ten days after receipt of the stock or are made after the stock has once been accepted. Claims should be made promptly in writing on receipt of stock.

Plants become your property upon delivery to transportation company and we cannot be responsible for loss, damage, or delay in transit.

All orders booked are based on the distinct understanding that the purchaser agrees to the condition of sales as stated above.

SCHEDULE OF B&B CHARGES

The following charges are made to cover additional cost of balling and burlapping deciduous trees and shrubs that are not listed B&B. The size of ball for most stock is in accordance with the A.A.N. "Horticultural Standards" recommendations.

These charges are based on a *carefully dug*, solid ball of earth, *laced* with rope or wire, and handled according to the best nursery practice.

TREES, SHRUBS AND SMALL TREES

Diam. of ball	Size	Estimated Weight	Each
10"	18/24"	30 lbs.....	.60
12"	2/3'	45 lbs.....	.95
13"	3/4'	60 lbs.....	1.50
15"	4/5'	75 lbs.....	2.00
16"	5/6'	100 lbs.....	2.50
18"	6/8'	150 lbs.....	3.50
21"	8/10'	225 lbs.....	5.00

Due to uncertain labor conditions, the following sizes are quoted subject to our ability to get help. In other words, we cannot guarantee to dig these sizes.

24"	2" cal.	300 lbs.....	6.75
28"	2½ cal.	425 lbs.....	9.25
32"	3" cal.	750 lbs.....	12.50
36"	3½ cal.	1150 lbs.....	18.75
40"	4" cal.	1600 lbs.....	25.00
44"	4½ cal.	2100 lbs.....	31.25
48"	5" cal.	2750 lbs.....	37.50
54"		4000 lbs.....	56.00
60"		5500 lbs.....	75.00

The above charges apply only F.O.B. NURSERY. We will be glad to estimate a delivered price based on the terms of delivery on page 3.

Ball depth will normally be not less than 60% of the diameter, and in all cases is adjusted so as to encompass a maximum of the fibrous root system of the plant.

PLATFORMS

Platforms, if required, will be charged for at the following schedule of prices based on actual cost of labor and material.

The amount so charged will be rebated, providing customers return platforms at their own expense.

Platform size	Usual Ball Size	Charge
24" Sq.	30" to 36".....	\$2.00
28" Sq.	32" to 40".....	2.25
30" Sq.	36" to 44".....	2.50
32" Sq.	40" to 48".....	3.00
36" Sq.	48" to 54".....	3.75
40" Sq.	54" to 60".....	5.00

Boxing Charges

Length	12x15"	15x16"	17x20"	19x24"	23x28"	27x32"	31x36"
4'	\$1.40	1.60	1.90	2.40	2.60	3.00	3.60
6'	2.10	2.40	2.85	3.60	3.90	4.50	5.40
8'	2.80	3.20	3.80	4.80	5.10	6.00	7.20
10'	3.50	4.00	4.75	6.00	6.50	7.50	9.00
12'	4.20	4.80	5.70	7.20	7.80	9.00	10.80
14'	4.90	5.60	6.65	8.40	9.10	10.50	12.60

Packing charges are at cost and represent the actual cost of the material used in the operation. No charge will be made for loading bulk truck or car lots.

DELIVERY SERVICE

Due to the shortage of trucking facilities it is impossible at this time for us to set up a definite schedule of truck delivery charges or to guarantee deliveries. We, therefore, will be glad to estimate delivery cost and to arrange for trucking of your orders contingent on our ability at the time to use our own equipment or hire trucking.

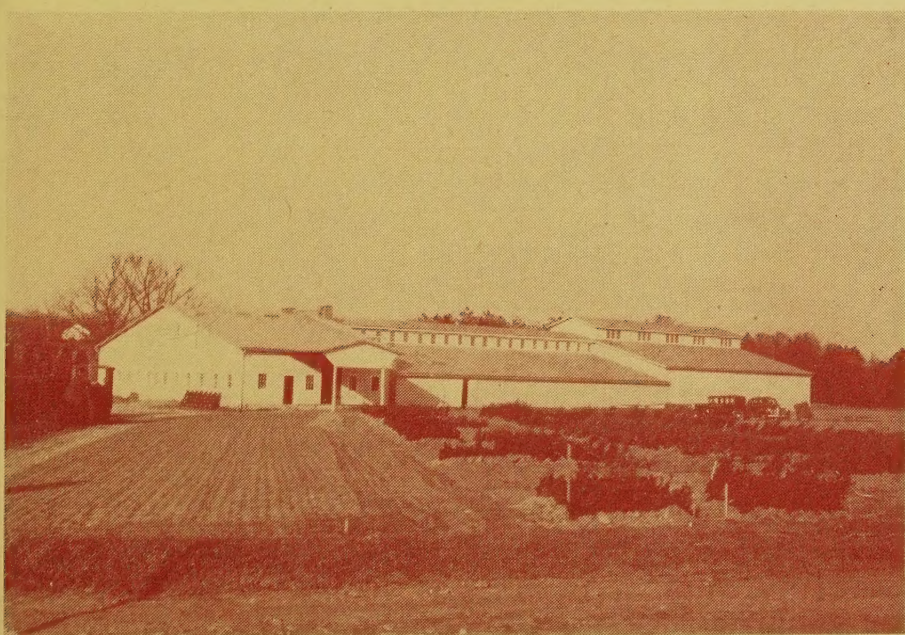

"CARLOADS" AND FREIGHT SHIPMENT

Whenever it is practical we recommend rail shipment by freight or express.

With our own railroad siding connecting with the main line of the Pennsylvania Railroad and a daily pickup service on L.C.L. and express shipments, we are in a position to expedite shipment to you without delay. Consult your local agent for rates to Monmouth Junction, N. J.

GUARANTEE OF GENUINENESS:

We will send out healthy, thrifty stock, true to name. If any nursery stock proves untrue to description or variety name under which it is sold, we hold ourselves in readiness, on proper proof, to replace free of charge such stock that may prove untrue to description or name, or refund the original amount paid. We shall in no case be liable for any sum greater than the amount originally received for said stock.

Packing Shed—a modern insulated building for assembling and shipping orders. A railroad siding in the rear facilitates carload freight shipments.

Notes in Explanation of Catalogue

The figures following each variety indicate in feet the approximate height of that plant at maturity. Ample allowance has been made for the many physical factors that tend to modify the growth of plants in cultivation.

The botanical and common names are largely taken from the 1924 edition of "Standardized Plant Names." Changes in nomenclature according to the revised "Second Edition," which have not become generally familiar to the trade, are shown in parenthesis and cross-indexed for reference.

Our standard of grading all plants is based on a schedule which has been adopted by the American Association of Nurserymen.

SPECIAL OFFER — ASSORTED SHRUBS

Our selection includes all desirable varieties for landscape plantings.

Many of our customers have asked us for assorted shrubs where the varieties do not have to be specified. We are, therefore, offering three groups of shrubs this season. The varieties used will naturally be made up of items that we have in good supply at the time.

	100 or more	1000 or more
GROUP A—Shrubs, 2 yr.	.25	.20
Average 2 ft. or more, including all good ornamental varieties of Deutzia, Spirea, Callicarpa Philadelphus and others.		
GROUP B—Shrubs, 3 yr.	.30	.25
Average 3 ft. or more, including all good ornamental varieties same as above.		
GROUP C—Special, 3 and 4 yr. Shrubs	.45	.35
Average 4 ft. or more, including all good ornamental varieties as above with the addition of some of the better, higher priced varieties of Viburnum, etc.		

We may also from time to time have special offers of assorted SHADE TREES, SMALL EVERGREENS, or other items. Consult us first and take advantage of the savings involved.
